

HARVEY

BUILDING PRODUCTS

Serving professional contractors and builders since 1961, [Harvey Building Products](#) fabricates its own lines of windows, doors, PVC millwork and patio rooms right here in the United States. Harvey is the premier distributor of quality building supplies in the Northeast. Items manufactured and distributed by Harvey – including major lines of roofing, siding, building envelope and decking – are used in residential and light commercial structures across the region. Harvey Building Products became a proud sponsor of Homes for Our Troops in 2009, and has donated Harvey products to numerous builds. Products donated by Harvey Building Products include their top-of-the-line Tribute windows and the Harvey Climate Defense System. And many of the other products used for these heroes' specially adapted homes come from Harvey's partners, delivered straight from Harvey Building Products' branch warehouses. Harvey's employees and customers feel proud and fortunate to be a part of the Homes for Our Troops mission.
