

THOMPSON CREEK WINDOW COMPANY

Since 1980 in Annapolis, Maryland, [Thompson Creek Window Company](#) has been customizing and manufacturing replacement windows, doors, gutters and siding in the Washington DC, Northern Virginia and Baltimore markets. Our products are manufactured, installed and serviced from our family owned and operated factory in Landover, Maryland – eliminating costly and inefficient middle parties. Thompson Creek is proud to sponsor Homes for Our Troops by donating energy efficient, easy to clean windows in specially adapted homes being built for severely injured Veterans. These windows are built specifically for the Mid-Atlantic climate and feature high quality vinyl, supreme glass packages and custom designed locks to help assist with everyday use. Thompson Creek Window Company is also proud to have the “Made in USA®” certification, deeming that raw materials used to build their windows is made in the United States.
