

# Homes For Our Troops Benefit

# Saturday, May 26

## 12 PM - 11:59 PM

On Saturday, May 26th, 2018, Memorial Day weekend, Couch Brewery will be holding a free event to benefit Homes For Our Troops, a nonprofit organization that provides mortgage free, specialty designed homes for troops who have been severely injured in combat.

This event will directly benefit Justin Hendrickson, a US Navy veteran from Marion Township, PA. On May 6, 2005, while deployed to Iraq, Justin and his unit were conducting a resupply mission to a forward outpost in Iraq, when his vehicle drove over an improvised explosive device (IED). Justin sustained shrapnel to all of his extremities in the blast, resulting in the eventual amputation of his right leg.

There will be a silent auction and raffle prizes and Couch Brewery will donate \$1.00 from every drink sold on that day to Homes For Our Troops. Also, you will be able to make a donation right from your bar tab - all to directly benefit building a home for Justin.

As a veteran owned business, Couch Brewery is privileged to be able to help in any way and ask for your help as well. If you know of any organizations who would like to donate items for a silent auction or raffle drawing, please message or email Couch Brewery.
